Diamond Anniversary Convention

Harry X Boesel, general chairman of the Diamond Anniversary convention of the American Numismatic Association, has announced committee appointments and initial plans for the historic conclave. The convention will be held at the Pick-Congress Hotel in Chicago, August 16-20. Boesel pointed out that this year's convention will be extended to 5 days to better accommodate the many activities planned by both the A.N.A. and the various ancillary organizations.

The general chairman went on to explain that over 20,000 square feet of exhibit and bourse space have been reserved on a single floor to accommodate dealers and exhibitors. Boesel requested those planning to attend the August convention to contact him at P. O. Box 132, Northtown Sta., Chicago, Ill. 60645, for hotel rate information — all reservations should be made as early as possible.

Richard Peterson, first vice president of the host Chicago Coin Club, has been appointed bourse chairman. Peterson stressed the fact that the selection of dealers is made by a special A.N.A. committee and not by the Chicago convention committee. He added that the A.N.A. committee will notify those dealers soon who are awarded bourse space. He stated that those who did not apply or who were not awarded a bourse table should not request space from him as there is already a long waiting list. Peterson promised full size, eight-foot tables, adequate lighting, and the best facilities to be found for dealers. Those who desire information aside from requests for space may contact Richard Peterson at P. O. Box 3805, Chicago, Ill. 60654.

Exhibit Chairman J. L. Grebinger asks those interested in preparing exhibits to contact him at P. O. Box 614, Oak Park, Ill. 60303 for exhibit rules and applications, which are now being printed for them. Grebinger pointed out that there will be excellent facilities for the exhibitors. Three large connecting rooms have been set aside for competitive exhibits, while a special area will be used for noncompeti-

tive displays. However, Grebinger added, all noncompetitive exhibits will be by invitation of the convention committee. All A.N.A. members, with the exception of its officers and convention committee chairmen, are eligible to exhibit competitively.

Due to the increasingly large attendance at A.N.A. conventions, preregistration has become a necessity for those wishing to avoid long waits when they arrive. Registration Chairman Marty Greene asks that those desiring advance registration information write to him at P. O. Box 41, Northbrook, Ill. 60062. Preregistration forms will be sent to those requesting them as soon as available. Greene emphasized the importance of advance registration this year in that only 4,000 convention badges are planned, and those who register in advance will, of course, be assured of getting this truly unique souvenir badge.

While the final design for the convention medallion badge has not been released, Badge Chairman M. Vernon Sheldon has promised that each one will contain a genuine diamond and that there will be no increase in registration costs for this unusual item. Only the regular bronze badge will use this design. The A.N.A. will issue a completely different medal in commemoration of the organization's diamond anniversary, which will be offered for sale first at the convention.

Elaborate security arrangements will be in effect at the convention to minimize the possibility of loss. James Babka, security chairman, pointed out that, in addition to a security room that will be opened to A.N.A. members from noon on Monday prior to the convention until the following Monday at noon, a large security force will protect the bourse and exhibit rooms around the clock. Babka explained that, as a further protection against theft, no hotel keys will be given out to anyone after the guest checks in without the approval of the security chairman. He said also that hotel personnel will not be allowed to admit

anyone to any room — even his own.

A delicious and moderately priced banquet meal will be served Saturday, the final evening of the convention, in the new and strikingly beautiful Great Hall of the Pick-Congress. Harry Flower, chairman of the banquet, stated that the price of the meal will be held to \$7.50 and that fine entertainment will be provided for the closing activity of the convention.

Although the ladies' activity chairman had not been appointed at this writing, Boosel promised several exciting and interesting tours and a truly special ladies' luncheon. A hospitality room will be open throughout the convention to afford the conventioneer a place to relax and get refreshments.

Boosel pointed out also that the Pick-Congress is located only 2 blocks from famed State Street, so the shopping available for the lady visitor will be outstanding.

Charles Ricard will serve as financial chairman and Glenn Smedley will act as hotel liaison officer. Hugh M. Knight has been appointed public relations chairman and Howard B. Eisenberg is his assistant.

Boosel, speaking for himself as well as for the host Chicago Coin Club, invites all A.N.A. members to mark their calendars for August 16-20 and plan to attend the Diamond Anniversary convention of the American Numismatic Association in Chicago — the Numismatic Crossroads of the World!

Friendships Flower Through Numismatics

March — the month when Spring comes! It is also the last month before National Coin Week 1966, April 16-23. So, "spring" into action; "march" down to that club meeting and help with plans for NCW activities. Good exhibits, talks and projects "stem" from good planning. Hold an idea session and speak up with any ideas that "poppy" into your heads, even "fuchsia" think them a little impossible. Someone else may add to it and you can "columbine" several suggestions into one good project. If you all "petunia" shoulders to the wheel it does not "leaf" one person so much to "dew."

Some members "rose" to the occasion last year by judging and giving recognition within their club for the last NCW exhibits. Others held contests for es-

says or numismatic papers to encourage the little "sprouts" and "budding" numismatists by "cultivating" their interests. "Phlox" of new collectors are joining us every day and too many see only the "marigold" glitter of the prospects of making some quick "cabbage." If we do not help guide them into the educational interests of our hobby, this attitude may "crocus" all.

Read your official entry report and you will see it "leaves" room for new ideas as well as the old ones. "Iris" hoping we could double the entries received this year over those received last year. So, "dig" in, folks, and see for yourselves how Friendships Flower Through Numismatics. — LOIS ORIS, Chm., 17643 Lincoln Ave., Homewood, Ill. 60430

Nevada Gaming Tokens

The Franklin Mint has struck individually designed dollar gaming tokens for 11 different Nevada casinos and at least 16 others are being made. According to Joseph M. Segel, president of General Numismatics Corporation, operators of The Franklin Mint, the total potential is probably around 50 to 60 casinos using these new metal tokens in place of silver dollars. According to Nevada State law, each casino using such tokens must have its own design and must comply to certain rules. The tokens are not interchangeable among casinos, and are redeemable for \$1 only at the issuing establishment.

A number of "proof" sets were produced for presentation by the casinos and to GNC stockholders, but none is for sale, said Segel. Albums to hold

the set of 27 different 1965 dollar gaming tokens made by The Franklin Mint are being prepared by 3 different manufacturers and will be available soon through coin dealers. The albums may be filled by collectors by buying tokens at each of the Nevada casinos or by ordering the tokens, at a slight premium, from coin dealers who have purchased them from the casinos. The Franklin Mint cannot fill orders from collectors, and it is unlikely that any of the casinos would fill orders by mail for single specimens.

A letter concerning these tokens, from the Nevada Gaming Control Board, was published on page 20 of the January issue of *The Numismatist*. It pointed out that the tokens are not identical in size to United States silver dollars.

Numismatic Vignettes

■ Gresham's Law seems to be mentioned more often than the law of gravity or the law of supply and demand since the debate started over conversion of our 900 fine silver coins to silverless dimes and quarters, and 400 fine silver half dollars. Said Sir Thomas Gresham in 1558: "The worst form of currency in circulation regulates the value of the whole currency and drives all other forms out of circulation. This law applies . . . , and where inconvertible paper money is put in circulation side by side with a metallic currency."

Our Federal Reserve notes were authorized in 1913 and have been issued in large quantities ever since then, accounting for from \$25 to \$35 billion of the money in circulation during the past 10 years. They are "inconvertible paper money," although having a nominal backing of 25% gold. We've had no gold coins in circulation since 1933, and within a few years will have practically no silver coins of anywhere near intrinsic value.

Is this an example of the working of Gresham's Law? If so, it took 20 years for the Fed notes to drive out the gold, and over half a century to stop the good silver. Now that we have no convertible paper money and only base metal coins, have we come to the end of the evolution of our "good" money that was established in 1792?

■ Book, story and article titles are often misleading as to the contents and coverage. For example, *The Fantastic 1804 Dollar* by Newman and Bressett contains much invaluable information about early Philadelphia Mint coinage methods. While this material relates to the 1804 dollar, it also explains much about production of our other coins during the first half century of the Mint. Every serious coin collector, especially those concerned with early U. S. coins, should find the book interesting and informative. Borrow it or buy it (\$3.50); but read it!

■ The reeding, lettering or decorations on the edge of U. S. coins up to 1836 was applied to the planchets, prior to striking the face designs, by a hand operated Castaing machine. It is not practical to decorate the edge of a coin after striking for several reasons, principally because striking hardens the metal too much for further working. The reeded collar was introduced in the Philadelphia Mint in late 1836, coincident with the first use of the steam operated press.

■ If you'd like to make a complete collection of the coins of a country, here are a few suggestions gathered from Whitman's recent *Guide Book of Modern European Coins*. The shortest set would be the 2 coins, 5 and 10 cents dated 1909, of Kiao Chan as a German territory on the east China coast. Book value is \$17.50 each. Only 3 coins, all dated 1890, are listed under Comoro Islands, but the book values them at \$420.50. For only \$117.50 and a lot of searching you might acquire the 5 coins of Puerto Rico. Each is a different denomination and dated either 1895 or 1896. The 9 coins of Eritrea would cost you \$327.50 at book value. From these countries you could go into any of 80 others in this book, the longest listing being the coins of Germany from 1873 to 1962. Not including the German state issues, there are about 2150 pieces listed at prices ranging from 10c to \$100 each.

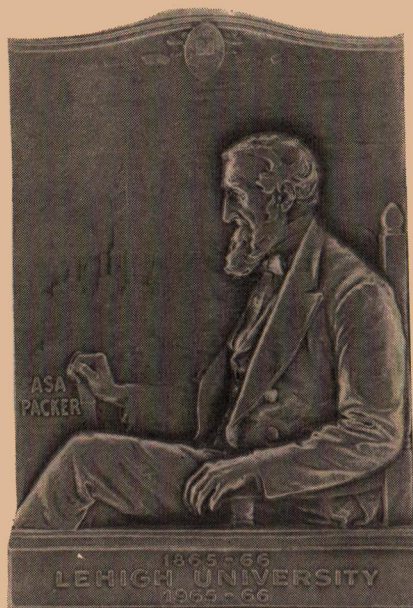

■ The trouble with inflation is much like the destruction left in the wake of a tornado. You may not know what hit you until it's too late. *American Metal Market* editorial.

■ Vital statistics: 441 of the new clad quarters are required to equal the weight of \$100 of the old silver quarters. — GLENN S.

Crown Collectors Associate

An association dedicated to collectors of world crowns, known as Worldwide Crown Collectors Association, has been formed according to an announcement made by Max Putz, Jr., its founder and president. The Association aims to further the hobby of crown collecting by uniting crown collectors into a strong central organization with the realization that greater good can be accomplished in this field through collective action.

Through its monthly news bulletin, the WCCA will bring about increased knowledge concerning such coins, helping crowns to come alive rather than becoming mere coin acquisitions, according to the announcement. Details regarding membership may be obtained by writing to the Worldwide Crown Collectors Assn., 94 Pike St., Port Jervis, N. Y. 12771.

Was He Serious?

Dear Mr. Bradfield:

I would appreciate having you send me a sample copy of your numismatist magazine gratis. I have a problem that I would appreciate having suggestions from you. There has been several burglaries of coins from homes in and around . . . , Calif. Police reported that these burglars had read the advertisements in coin magazines for addresses (and) then burglarized the homes for coins while the families were away.

For this reason I do not want my address given in the advertisements. How about my using your post office box number? An early reply would be appreciated. (As requested, we will not use the writer's name or address.)

When coin dealer Nick Parker decided to move his showrooms from the Piccadilly Hotel to the Russell Hotel in the heart of London, he was promised the most palatial numismatic showroom in the world. The promise was fulfilled — with antique furniture and furnishings, objects d'art, beautiful bronzes, silverplate and attractive paintings providing a pleasing venue for fine art dealing. The Nick Parker organization, besides conducting numismatic dealings in London, also supplies coins and collections to auction sales throughout the world.

Hans M. F. Schulman announced recently that an auction of unusual numismatic material will be held March 18-19 at the Waldorf Astoria Hotel in New York City. Well known collector and writer Howard D. Gibbs has consigned over 2000 lots of siege, necessity and counterstamped pieces of the Western Hemisphere to the sale. These pieces have been gathered since 1902 from famous collections the world over. The catalog, compiled by Gibbs himself and containing many illustrations, is available from Schulman, 545 Fifth Ave., New York, N. Y. 10017.

A fixed price list, offering close to 1500 United States gold coins valued at more than \$300,000, has been released by A. Kosoff, Inc., P. O. Box 456, Encino, Calif. 91317. Rich in mint marks of all denominations, as well as a number of proofs, the offering includes a superb 1802/1 quarter eagle and the Dahlonga issues of 1852-56 of the same denomination. In receiving the collection, Dr. John L. Ferguson, director of the Arkansas History Commission, said "The Stebbins collection complements the Harry B. Solmson collection of Confederate and Southern State currency which Mr. Stebbins was instrumental in getting for our exhibit at the Old State House. (see p. 471, April 1963 issue *The Numismatist*) Of the Stebbins collection, Grover C. Criswell of St. Petersburg Beach, Florida, said "I would venture to say that this is the most complete collection of Arkansas private issue and scrip notes in existence."

Hawaii Reports

The executive directors of the Hawaii State Numismatic Association have

elected the following officers for 1966: President William Johnson, Vice President Dale Carter, Secretary Gordon Medcalf and Treasurer Dave Martin. President William Johnson has outlined an aggressive program of educational activities which will be undertaken by the Association during the year. By means of this program, the growth pattern established in previous years will be accelerated on a foundation of increased educational opportunities and services to its member collectors and clubs throughout Hawaii.

Plans are well under way for the annual fall convention of the Association, with the site and dates to be released shortly. Inquiries may be made to the Hawaii State Numismatic Association, P. O. Box 944, Kailua, Oahu, Hawaii.

Custer Medal

Dear Mr. Bradfield:

The Monroe Coin Club has designed and struck a medal in honor of General George Armstrong Custer. Assisting the Club was Dr. Lawrence A. Frost of Monroe, a recognized authority on the life of General Custer and also author of a current book, *The Custer Album*.

The bronze medal is 40 mm. in diameter and bears a $\frac{3}{4}$ facing bust of Custer on the obverse. Lettering on the reverse gives vital statistics concerning him and his career. It was struck in silver also, but only for members of the Club. Bronze pieces may be obtained at \$2.00 each postpaid from Irvin Gittleman, P. O. Box 164, Monroe, Mich. — DORIS E. CONGDON, Sec.

Hawaii Medal Design Contest

The Hawaii State Numismatic Association is sponsoring a contest for the design of its official 1966 convention medal. The theme will be Hawaiiana. The design chosen for the obverse and reverse will be awarded a \$50 cash prize and the No. 1 medal set in bronze and silver. Entries must be postmarked by March 31, 1966. All designs will become the property of the Association unless funds for their return are enclosed. Send designs to the Association, P. O. Box 944, Kailua, Hawaii. The sets will be available later at \$12.50 for the bronze and silver pieces.

New A.N.A. Patron

Heading this month's list of donors to A.N.A. activities is Hal E. Hibler, member 21566 and vice president of a leading national insurance company. His contribution to the A.N.A. museum collection in December consisted of so-called dollars valued at \$5,239.35. If this seems like an odd figure, it should be noted that Hibler put the value on his gift at 10

per cent under the actual prices shown in the 1963 catalog *So-Called Dollars*, of which he is the co-author.

Interest in the field of so-called dollars developed from the very beginning of his collecting, Hibler says, because so many of them "are truly an essential part of numismatica Americana." The Association is most grateful for this valuable gift, the more so because the donor has indicated his intention to make a similar one in 1966.

Also in this month's list is the Sidney Printing and Publishing Company, publisher of *Coin World*, which contributed \$2,500 for such services as "the library, the visual education program, literature to be distributed to clubs, and for promotion of National Coin Week." This organization became a "patron" last spring when it contributed \$5,000 to the Association.

The letter, signed by company President J. O. Amos, transmitting the \$2,500 check included this statement: "This gift, as did our contribution in 1965, emphasizes our faith in the future of the American Numismatic Association, and constitutes recognition and endorsement of the great strides in structural examination, reorganization and the prudent thinking of the present officers and board of governors."

State Conventions

Although listed in the "Calendar," your attention is called to conventions of state organizations in Mississippi, Texas and Michigan. First on the calendar is the 5th annual Mississippi Numismatic Association convention, March 19-20 at the Edgewater Gulf Hotel in Biloxi. Located about midway between

Biloxi and Gulfport and overlooking the Gulf of Mexico, the hotel offers many recreational facilities in the "Riviera of the South" area. Dr. Kermit Chadwick, general chairman, reports that every effort is being made by the three host clubs and by officers of the state association to make this a memorable convention. Lester Narbo, 1904 Brister Pl., Biloxi, Miss., is the bourse chairman.

The next weekend will see Texans and their friends gathering at Hotel Galvez in Galveston for the 8th annual Texas Numismatic Association convention, with the Treasure Island Coin Club as host. Popular numismatists Matt Rothert and Ed Rochette will share the spotlight on the educational forum, and Mint Director Miss Eva Adams plans to be in attendance. Collectors wanting to enter exhibits should write immediately to J. D. Fuller, 419 Bay St., Texas City, Tex. 77590 for entry forms. E. E. White of LaMarque is the general chairman.

The following month the Michigan State Numismatic Society's annual spring convention will be held in Grand Rapids under the direction of Dr. Robert J. Barber of 159 Lafayette Ave., N. E., Grand Rapids, Mich. 49503. The dates are April 15-17; the location is the Pantlind Hotel, and the host is Grand Rapids Coin Club. William Rockwell, 1304 College N.E., in Grand Rapids is the bourse chairman

MIT Numismatic Course

Maurice M. Gould, A.N.A. LM 144, will start the second series of numismatic lectures at Massachusetts Institute of Technology, 77 Massachusetts Avenue in Cambridge, on March 11. According to the announcement made by the Division of University Extension, there will be six lectures of two hours each at a course fee of \$9.00.

The lectures will trace the progress of numismatics during the past hundred years, will assist collectors in grading, in building a library, and guide them in forming collections. The course covers both U. S. and foreign coins, and also medals, tokens, paper money, and other specialized fields of numismatics.

Bahama Coin Sets Offered

An announcement has been received from the Bahamas Ministry of Finance that specimen sets of the new Bahama Colony decimal coins of 1966 are available to collectors. The new coins are in denominations of \$5, \$2, \$1, 50 cents,

25 cents, 15 cents, 10 cents, 5 cents and 1 cent — 9 coins in all. The largest four coins are silver, the 25 cent piece is pure nickel, the next three are copper-nickel, and the cent is copper-nickel-zinc. All have the effigy of Queen Elizabeth II on the obverse, each reverse being of a different design.

Up to 10 sets of the dollar to cent values (7 coins in plico-film holder) are available per person at \$5.25 per set, postpaid; the complete set of 9 coins is priced at \$16.00, housed in a leatherette case and limited to 5 sets per person. Filling of orders will begin in March, the announcement stated. Checks or money orders will be accepted. Address orders to: The Treasury, Dept CW, P. O. Box 557, Nassau, Bahamas.

Has Metal "Calling Card"

Dear Mr. Bradfield:

Many years ago it was a practice of collectors to issue their calling cards in the form of tokens. I have added to this chain of history by striking one of my own. Any reader of *The Numismatist* may have a sample free by sending a stamped and addressed envelope or International Reply Coupon to me.

Should any collectors desire tokens of their own, I offer a manufacturing service about which I would be happy to receive inquiries. — J. M. KOTLER, P. O. Box 248, Glencoe, Ill. 60022.

(Editor's note: Kotler's token is quite attractive, about 35 mm. in diameter, picturing a horse-drawn street car on the obverse with COLLECTOR OF ABOVE and TRANSPORTATION TOKENS below. On the reverse is his name and mailing address. Apparently it is of aluminum.)

INDONESIA — On December 14, 1965, a decree was issued by the Indonesian government introducing a new monetary unit. Accordingly, the money in circulation (rupiah) will be changed to "new rupiah" in a ratio of one new rupiah for 1,000 old rupiah. The old rupiah will be withdrawn from circulation within six months. The new rupiah will become legal tender in all parts of the country, including west Irian. The withdrawal of the old rupiah will take place progressively as follows: 10,000 and 5,000 rupiah notes will lose their value in 30 days (January 13, 1966), banknotes of 2,500, 1,000 and 500 rupiah denomination in three months (March 13, 1966), all the rest will become valueless on June 13, 1966. — PERERA'S NEWS

NEW JOHNSON MEDAL

Director of the Mint Miss Eva Adams announced recently that a new medal of President Johnson is available from the Superintendent, U. S. Mint, Philadelphia, Penna. 19130 at \$3.00. The new bronze medal, by Chief Mint Engraver Frank Gasparro, bears a quotation on the reverse from the President's inaugural address of Jan. 20, 1965, and is designated No. 137 in the mint's presidential series. The earlier medal, No. 136, shows the portrait in profile and the presidential seal the full size of the reverse. ARKANSAS STATEHOOD MEDAL

One of Arkansas' illustrious sons, five-star General of the Army Douglas MacArthur, is featured on the obverse of the 16th in the series of statehood medals issued by Presidential Art Medals, P. O. Box 187, Englewood, Ohio 45322. The official state seal of Arkansas is interpreted on the reverse by sculptor Ralph J. Menconi. 7500 numbered pieces were struck in pure silver at \$10 each, and an unlimited number in bronze at \$2.50 each.

Decorations in Numismatics

Although the pieces illustrated here are generally accepted as numismatic, they represent a branch of that science with which most coin and medal

collectors are not fully familiar. Decorations share, with coins and medals, their method of manufacture, their recognition as artifacts to hold and cherish and their value as instruments with which to study and understand the past. In each of these aspects, however, decorations go beyond the confines of coinage.

Because they are worn, rather than circulated, decorations may be struck as coins are but they are not subject to the same limitations in shape, composition or color. They can be thicker and thus more deeply struck to take better advantage of the die maker's art. Their shape and size can be irregular with projections and reticulations, giving the designer more freedom for creativity. Not subject to wear and abrasion, they can be enhanced with the color of fired enamel. Here is numismatics in new dimensions of depth, shape and color.

Even though these materialistic times recognize and compensate an individual for effort expended in coin of the realm, there are forms of service and deeds of valor beyond mere mone-

tary value. Such service and deeds deserve recognition of a type and nature that money cannot buy. Men of stature or affluence, men of good will and sincere purpose cherish the recognition implied in a decoration above wealth or a hoard of coin. In addition, the image of those so recognized is enhanced among their contemporaries and for posterity.

Not often issued, and then in comparatively limited numbers, decorations provide a personal link between the collector and the individuals who originally received them. Thoughtful and assiduous research can reveal not only the occasion for such awards but also an intimate knowledge of the recipients, their lives and times, and their personal accomplishments.

The ownership of a particular decoration means more than possession of a part of the past. It makes possible the holding in one's hand of a very important part of a worthy life gone by, and affords an opportunity to study that life in its time in great detail. No other numismatic object provides a more precise basis for learning details from the past to students of today.

OMISSION — In the article, "Dates on Russian Coins, February, 1966, page 140, there was an omission in the 3rd to last line. The example given should have read thus: To find the A.D. year of a coin bearing the date $\alpha\pi\phi\epsilon\rho$, by replacing the letters with numerals we obtain 7163; subtracting 5509 we obtain the date 1654 A.D.

Book Reviews

Alaska's Coinage Through the Years by Maurice Gould, Kenneth Bressett, and Kaye and Nancy Dethridge, 2nd edition, Whitman Publishing Co., Racine, Wisc., 1965, board covers, 176 pp., illus., \$2.00.

In some instances, especially in the case of catalog type books, new editions are little more than additional printings with prices updated and a few minor changes and corrections made. This second edition goes to the other extreme—it is a new book except for the title, as a few statistics will indicate.

Compared to the original embryonic work, the new edition has been enlarged from 48 to 176 pages, from a listing of 180 to 800 items, and from 70 to over 500 illustrations. That this was accomplished by merely doubling the number of authors and the price is something of a feat.

The new edition has other features, one of the most value to collectors being the assigning of a rarity rating to most items. There is no index but one is hardly needed as most of the tokens are listed under the place of issue, these being entered in alphabetic order from Alakanuk to Yukonakakat. By the way, have you ever heard of "Hot Springs" Alaska? No secret is made of the fact that the new co-authors, the Dethridge husband-wife team, are the foremost collectors of Alaskan items and that they are responsible for most of the new material being in this edition.

While not detracting from the value of the book, we feel that use of the word "Coinage" in the title is, technically, incorrect. The "coinage" of Alaska consists of tokens, medals, bingles, souvenir gold pieces and U. S. paper money of the four national banks there. The book is available at most coin dealers, book stores and hobby shops at \$2.00. — GLENN S.

The French National Order of Merit, edited by Philip M. Weber, Midwestern Orders and Medals Society, 1965, heavy leatherette cover, 16 pp., ill. \$2.00.

From the handsome enameled me-

tallic reproduction of the badge of the French National Order of Merit on its cover, to the length of actual ribbon from which that badge is suspended swatched on its next to last page, this is an unusually fine and complete publication. The histories of orders of knighthood and merit are often fraught with anomalies, contradictions and vagueries. That a complete and concise publication on any one of them can be found is most refreshing to every student and collector. As its subtitle implies, this book translates the original statutes, promulgated December 3, 1963, into English and illustrates to precise size the obverse of all of its insignia and the reverse of them where applicable.

Here we find the court language employed in the establishment of honors to be awarded by a nation reawakening to the realization of its national power and international position. All of the sweep of sententious phrases, the attention to protocol, the details of heraldry and law blend into a form of almost chivalric prose. The text begins with "Report to the President of the Republic" and ends with a direction, "For action to the Chancellor of the Order of Merit, General Catroux" and is filled with language used to confer distinction and recognition.

Each illustration has been carefully and sharply reproduced on special paper to give it concise definition and depth. The insignia is exemplary of fine, modern French numismatic and jewelry work. As each item is pictured actual size, students and collectors need no longer be confused over dimensions of the insignia for various grades and distinctions.

Anyone interested in the history of national awards or orders of knighthood should read and study this book as a model of the basic principles upon which all such institutions are established. All students of decorations, numismatics, history, heraldry and diplomacy should make it part of their library. It is available for \$2.00 from the Midwestern Orders and Medals Society, 2857 N. Western Ave., Chicago, Ill., 60618. — GARY C. KRUG

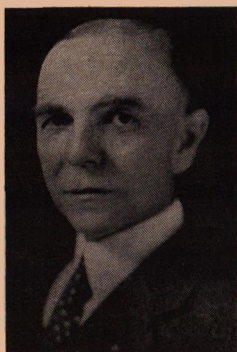

Harry H. Yawger

Fifteenth President, 1926 and 1927

By

JACK W. OGILVIE, L.M. 93, HISTORIAN

The fifteenth President, upon taking the gavel from his predecessor, stated he would not attempt to follow in the footsteps of President Wormser but would work with all his heart for the best interests of the Association. This he did in the one year term that he served.

Harry Yawger

Harry H. Yawger was born in Union Springs, Cayuga county, N. Y., in 1867. When he was 18 the family moved to Rochester, N. Y., where he remained until 1921. He was associated with a large coal company as auditor, and when the firm moved from Rochester, he went with them and spent the remainder of his life in Indiana, Pa.

The age that Harry became interested in numismatics is not known, but he was admitted to the A.N.A. on October 1, 1905, as No. 732. He became Life Member No. 2 on August 31, 1922. He loved to collect coins, especially United States issues, but made no pretense of being a numismatic scholar. He attended his first A.N.A. convention in 1907 at Columbus, O. There he met Dr. George F. Heath and Dr. J. M. Henderson, the Chapman brothers, Frank Duffield, and other great numismatists of that era. He so thoroughly enjoyed the fraternal aspects of the avocation that he took an active part in that phase for the rest of his life. He was a charter member of the Rochester Numismatic Association and an associate member of the A.N.S.

He seemed to be a man of action rather than words as he is credited with only one article in *The Numismatist*. It was published in the December, 1913, issue and told of his taking over the A.N.A. library from his Canadian predecessor earlier that year. The trials and tribulations of getting the books through customs, transportation problems, and red tape made the story a classic and revealed the patience and endurance of this man.

He was Librarian from 1913 until 1921, became general secretary in 1919, and held both offices for a two year period. He was chairman of the board during the entire Wormser administration and worked hand in hand with the president. Thus he was thoroughly familiar with the internal affairs of the organization when he was unanimously chosen fifteenth president at the 1926 Washington, D. C., convention.

Yawger accepted the high office reluctantly. While not generally known, the main reason for this was an illness which struck him the previous autumn. When he assumed the leadership, apparently in good health, he was fortunate to inherit the fine array of talented officials from the previous administration. These hold-overs were: Charles Markus, chairman of the board; First Vice President Alden Scott Boyer; Harry Wilson, George Blake, Editor Frank Duffield, A. C. Hutchinson, Ex-President Wormser, and Edward T. Newell. Newcomers were Second Vice President L. A. Renaud and Nelson T. Thorsen, a board member.

Commemorative coins continued to make their appearance. The 1926 Sesqui-centennial in both silver and gold, the first of the Ore-gons, and the Vermont were issued. O. P. Eklund's series of articles on copper coins published in the official magazine began during his regime with "Copper Coins of Mexico, Central

and South America." *The Numismatist* was registered as a trademark and preparatory work on a new membership directory was started.

The 1927 Hartford, Conn. convention was attended by 69 of the faithful registered guests plus the usual undetermined number of visitors. The evening of its first day was devoted to dealers' night and procedure was similar to present day bourse rooms, but on a much smaller scale. While the innovation was highly successful, it was admitted that most transactions were made in the hotel rooms, a more time honored procedure.

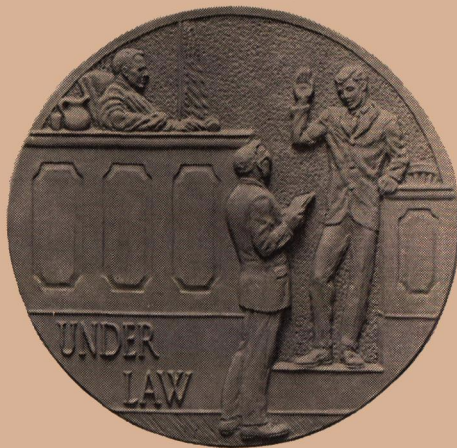

Reports submitted at the business session revealed that the active membership of the organization remained above a thousand and the treasury in good condition. The first small lot of coins, purchased with the Robert P. King fund, had been made and labeled for the A.N.A. collection in the Smithsonian Institution. An additional sum of \$50 was voted to augment the King fund.

It came to light at another business session that only seven bound copies of the original six volumes of *The Numismatist*, 1888-1893, were known to exist. (Several years later, records stated the number to be eight.) A suggestion had been made that, due to their rarity, the association consider reprinting them. This met with considerable opposition from the floor and the idea was rejected. When it was disclosed that this historic volume, as well as several other rare books, had not been on a restricted list but loaned freely by the librarian, a resolution was passed requesting the board of governors to take early action to withdraw these and other rare volumes from general circulation.

When the announcement of candidates for the ensuing year was made, President Yawger declined a bid for reelection but accepted a nomination for the board of governors. He was elected to the board along with two newcomers, Charles H. Fisher and H. A. Sternberg. On August 25, 1927, Yawger relinquished the high office to his successor and sixteenth president, Charles Markus.

The illness which had plagued Yawger for three years did not permit him to finish out his one year term as a governor. He entered John Hopkins Hospital in Baltimore, Md., where he passed away at the age of 61, on July 26, 1928. President Markus paid high tribute to his predecessor and concluded his eulogy by bidding "Auf Wiedersehen" to a long and faithful servant of the A.N.A.

The medals shall be made and delivered at such times as may be required by the association in quantities of not less than two thousand, but no medals shall be made after December 31, 1967. The medals shall be considered to be national medals within the meaning of section 3551 of the Revised Statutes.

We should so live and labor in our time that what came to us as seed may go to the next generation as blossom, and what came to us as blossom may go to them as fruit. That is what we mean by progress. - HENRY WARD BEECHER

From the President's Desk

Time may pass quickly for ordinary people but for the numismatist it just flies by, doesn't it? We never have time, it seems, to do the research we desire to do in our hobby. About the time you read this I will be another year older as my birthday is in March and I must say I have not done as much in the past year on numismatic research as I would have liked.

My specialty is paper money and there is certainly much to be done in this field. In United States paper money alone, from continental currency on through United States notes of 1815 and the 1840s, through the many kinds of bank notes before 1862, the United States fractional currency, the large size notes, gold notes, brown backs, green backs and on down to the present day small size notes, there is a mammoth amount of study and research which should be done.

Let us hope that the American Numismatic Association, with its library, visual education program, reprints, pamphlets and *The Numismatist*, will provide the impetus to many collectors to do research and thus increase our knowledge in the various numismatic fields, including paper money.

The collector with a favorite series of United States coins can spend many hours of study on that particular series alone. Many A.N.A. members collecting foreign coins will also be studying these coins, getting books from the library and learning history, economics and geography while doing their own research. Much of this knowledge can be given to our fellow collectors through our exhibits as well as through the written word.

April will soon be here and we should be preparing our exhibits for National Coin Week, April 16 to 23. Let this exhibit be the beginning of a deeper, more thorough study of your specialty — MATT H. ROTHERT, Pres.

THE ELLERY MEDAL

The 14th in the Signers of the Declaration of Independence medals pays homage to William Ellery. Ralph J. Menconi is the sculptor. The medal is struck in 25 serially numbered platinum pieces at \$500 each, 7,500 serially numbered silver pieces at \$10 each, and unlimited quantities of bronze pieces at \$2.50 each. Available from your dealer or directly from Presidential Art Medals, Inc., P. O. Box 187, Englewood, Ohio.

The A.N.A. committee assigned to accept applications for the position of its executive director has received 37 applications and the date for filing such applications has passed. The board of governors, with professional aid, is considering these applications and will try to choose the person best qualified for the position.

NCS MEDAL

The 15th medal of the National Commemorative Society memorializes the December 17, 1903, flight of a powered airplane by Orville and Wilbur Wright at Kitty Hawk, N.C. Sculptured by the Italian artist Albino Manca, the obverse depicts the Wright brothers whose airplane, the first to fly by power, occupies the reverse. NCS medals are struck in silver with proof finish in 39 mm. size and are available to members only. The Society is located at Overbrook Station Square, Philadelphia, Pa. 19151.

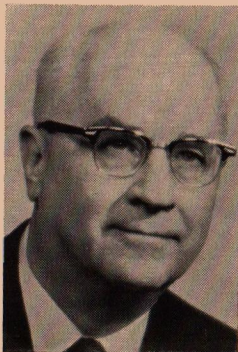

NEW MINT MEDAL

The official Henry H. Fowler medal has been added to the Secretaries of the Treasury series issued by the U. S. Mint. The portrait bears the name of Frank Gasparro as sculptor, while the reverse carries the initials of Edgar Z. Steever, recently appointed sculptor-engraver at the Philadelphia mint. The unusual reverse chronicles the highlights of Secretary Fowler's public life from the start of his connection with Tennessee Valley Authority in 1934 to appointment to his present position April 1, 1965. This is the 20th medal in this series, which are bronze, 3" in diameter (except two) and available at \$3.00 each from the Superintendent, United States Mint, Philadelphia 19130.

Long Beach Numismatic Lecture Series

Long Beach City College will sponsor the first lecture series in numismatics to be conducted in Southern California. An "Introduction to Numismatics," a series of four lectures, will be given on Thursday evenings, March 10, 17, 24 and 31 from 8:00 to 9:30 p.m. at Boyd High School auditorium, 8th and Locust Ave. in Long Beach, Calif.

Charles M. Johnson

The series will be devoted to a discussion of money of different ages and countless cultures, from the dawn of history to the present, with special attention to United States coins and paper money. As an educational course it is designed for those who want to know more about the exciting story of money, its origin, development, history, lessons and problems from the viewpoint of the numismatist.

Charles M. Johnson, a member of the A.N.A. board of governors and a well known California numismatist, is heading up the series and will give the opening lecture on the "Story of Money." He will be followed by Joel L. Malter, a teacher and professional numismatist, who will discuss during the second lecture the money of ancient Greece, Rome and the Bible. The third lecture on "World Coinage in Relation to History and Art" will be delivered by William D. Craig, author of the forthcoming book,

Coins of the World, 1750 to 1850, to be released this spring by Whitman Publishing Company. Cyrus H. Phillips, a lifelong numismatist associated with the public relations department of the Bank of America, will close the series with a lecture on the "Historical Background of United States Coins and Paper Money."

All the lectures will be illustrated by slides and specimens of money actually used in the past in ancient Greece, Rome, Egypt and present day countries of the world, including the United States. Each lecture will be followed by a discussion period.

Some of the subjects covered are: numismatics, its meaning and purposes; moneyless cultures; lessons from coins in history, art, archeology and religion; use of gold, silver, copper and other metals for money; significant U.S. coins and paper money from Colonial days to the present; monetary mistakes, experimentation, depreciation, debasement and inflation as recorded by coins and paper money; and numismatic literature, museums and organizations.

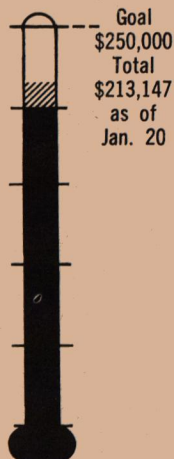

"This is the first series of lectures to be devoted entirely to numismatics and to be sponsored by an educational institution at the college level in Southern California," said Charles Johnson. "It recognizes the growing public interest in the scientific study of coins, paper money and other media of exchange in relation to history, economics, art, archeology and other humanistic disciplines. It is fitting that Long Beach City College, with its easy accessibility to the many collectors and students of numismatics in the Long Beach-Los Angeles area, should undertake this significant initial effort."

The lectures are open to the public without charge or advance registration.

NUMISMATIC RUMOR. When the dime honoring Franklin D. Roosevelt was issued in 1946, the mint was deluged with inquiries from those who had heard that the initials JS on the obverse were those of Joseph Stalin and that some subversive force had entered the mint and secretly placed them on the coin. This was not true, of course. The initials were those of the mint engraver, John Sinnock.

ARGENTINA — According to a new decree effective January 10, 1966, centavos will be omitted in bills, notes, receipts, checks, drafts and other bank and commercial documents. In payments of any such instruments, issued prior to the new regulation, less than 50 centavos must be rounded down, 50 and over rounded up. — PERERA'S NEWS

To All A.N.A. Members:

As reported in this issue, about 135 contributions were made to our A.N.A. building fund during the past month. Over 2,775 members, coin clubs, organizations and numismatists have added their names to the honor roll of those making possible a national home and headquarters for the numismatic fraternity. Countless others have encouraged their communities to offer building sites, and the offer of Colorado Springs and Colorado College of a beautiful and valuable site was accepted. Many others are giving freely of their time and effort to keep A.N.A.'s big project moving forward.

As a result of these many dedicated collectors and numismatists doing their part, A.N.A. has \$213,147 in its building fund, a fine building site and is now planning its new facility and the organization that will occupy it. Soon the long cherished dream of all of us who enjoy collecting and studying coins will come true. America's largest and most active numismatic organization will have a fine new home and headquarters. This means increased efficiency, progress and rapid expansion of the many numismatic activities so dear to all of us.

Members of the numismatic fraternity can take justifiable pride in this

splendid response and progress, but there remains about \$40,000 to go to make our drive thermometer break out the top and reach its goal of \$250,000. This job must be finished!

More contributions and help are needed. Ask yourself if you have done your part or how you can do more to further this big project for the hobby from which you have received so many hours of enjoyment. Your help will

Mrs. Mae L. Clarke, Sec.-Treas. of MANA, presenting a \$1000 check to A.N.A. Treasurer Eldridge G. Jones for the A.N.A. building fund. Those at the ceremony included, l. to r., Ellis Edlow, George Vanderwende, Mrs. Clarke, Paul W. Burdette, Jones, Lt. Col. A. G. Wilde, Jr. and Herbert Price. All are officers of A.N.A., MANA or Washington Numismatic Society.

make numismatics better for yourself and those who follow.

One of the top contributions reported in February resulted from the decision

of the board of Middle Atlantic Numismatic Association at its December meeting to donate an additional \$1,000 to the home and headquarters fund, so that it could become a "Patron." A check in this amount was presented to A.N.A. Treasurer Eldridge G. Jones at the monthly meeting of the Washington (D. C.) Numismatic Society.

Incidentally, it was announced that MANA will hold its 1966 convention in Washington at the Sheraton-Park Hotel Oct. 20-23. Plans are being made for a wonderful show, with Herbert Price as the general chairman.

Another outstanding contribution, in this month's list, is the coins from Dr. Herman L. Thomas of Poteau, Okla., valued at \$1,000. Dr. Thomas became A.N.A. member 36957 in 1960.

Be sure your name and that of your club is on the permanent honor roll of contributors reported in these pages and enshrined in the new home and

headquarters. This will be a lasting memorial to your participation in one of the biggest projects yet undertaken for the advancement and enjoyment of numismatics.

Oldest Established Coin Business in the United States — Founded in 1901.

This is our 699th consecutive ad in this publication

THANK YOU FOR ALLOWING US

to start our THIRTY-FOURTH YEAR AS PROFESSIONAL NUMISMATISTS. After all, **IT IS YOU**, the collector who keeps us in business. Little did we realize in 1928 when A. M. Kagin started collecting, that instead of "playing with coins" part time, R. O. Hollinbeck (founder) would allow him to "play full time" starting in 1933. We still enjoy "playing with coins" and have the additional enjoyment of helping others "play" with coins."

HAPPY ANNIVERSARY

For a number of years our anniversary message has appeared about this time each year. Each year our many friends (collectors and dealers) have wished us a happy anniversary. May we take this occasion to publicly acknowledge these many felicitations, and thank those who have extended them.

A. M. (Art) and Paul Kagin

FEDERAL RESERVE NOTES — RED SEALS

A RARE SERIES, NEGLECTED BY COLLECTORS

One of the rarest and most neglected series, large size currency, is the Federal Reserve notes, of 1914, red seals. They were issued in \$5, \$10, \$20, \$50 and \$100 denominations by each of the twelve Federal Reserve Banks — or a total of only sixty notes.

I have never seen or heard of a complete set, uncirculated. Several old time paper money addicts, such as Wayte Raymond, Albert Grinnell, Jim Wade — even Col. E. H. R. Green himself — never completed the red seal Feds in an uncirculated state.

Below is my personal try at a set: total of 31 notes! Missing are eleven of the \$100's and eight of the \$50's (I was too poor to put them by). Represented are the twelve \$5's, ten \$10's, six \$20's, four \$50's, and a single \$100.

of striking beauty and a significant investment. These are by far the most imposing commemorative coins to come from Europe. It is extremely rare for official issues of a sovereign government to be minted in such small quantities. At no time will they ever be restruck; all dies have been destroyed under official government supervision.

THE OFFICIAL CASE

contains your rare Napoleon proofset. Case is lined in rich velvet, imprinted with the coat of arms of the Principality of Andorra.

Under a centuries' old agreement Andorra is governed by a small chamber of 24 deputies; 4 representatives from each of the 6 villages presided over by a "Syndic" who heads the executive branch of the government. What distinguishes Andorra from all other countries apart from its diminutive size, is the fact that it is the only country in the world that has two titular Heads of State. There are 2 Co-princes who reign jointly. One is the Bishop of Urgell (the most renowned of which, Bishop Benlloch, was commemorated on the 1963 issue); the second being the ruling King of France. Since France does not have a King any more, he is replaced by the French head of State who is at present General de Gaulle.

Napoleon I, Emperor of France, was the first French Head of State, not a King of France who was to be Co-prince of Andorra and this fact is commemorated on the 1964 issue which carries a bust of the Emperor, his head laureate.

The 1963 Benlloch issue has been so successful that storekeepers in Andorra are anxious to obtain these pieces at prices far in excess of their originally planned exchange value. The 1964 Napoleon issue promises to become even more successful and collectors and investors both will do well in securing the desired number of pieces as soon as possible in view of the small number of coins struck. The value of these beautiful proof coins is bound to go up sharply.

The original copy of the Order to strike

these silver pieces in 99 fine silver, issued by the Syndic on behalf of the "Most Illustrious Council of the Valleys of Andorra" to the Bavarian Government Mint in Munich can be inspected in the offices of HANS M. F. SCHULMAN, 545 Fifth Avenue, New York, N. Y.

RARE HAWAIIAN COINS AT DISCOUNT PRICES

Low mintage. Listed page 248 of the Red Book. Many melted, especially dollars of which over 400,000 were melted, according to the records at San Francisco. Many additional coins of each denomination were lost to the sea during a revolt by the people against the government in 1893. Few were left. In fact—during my visit to Hawaii I searched the Islands to locate Hawaiian coins and discovered to my amazement that few people living on the Islands even knew that these coins existed. Most inhabitants were amazed when I showed them coins struck by the U. S. Mint for circulation in Hawaii. They are not only no longer in circulation, but few Hawaiians realize that at one time they had their own coinage. Check your Red Book—Excellent investment potential per dollar invested.

WILLOUGHBY BUYS AND SELLS OLD BLUE BOOKS

We were the first to make a market in OLD REDBOOKS . . . Now another FIRST in response to persistent request we are now establishing a market in OLD BLUE BOOKS. These are of particular interest to numismatists due to the fact that they were the first of WHITMAN'S coin books and we issued for FIVE FULL YEARS before the advent of the first REDBOOK. For those numismatists who engage in serious research we suggest that you obtain a set of these while they are still obtainable. Our supply at present is very limited and there may be some delay in filling orders—in ordering suggest you allow us time to fill your order. We suggest you retain this listing as it will be condensed in future ads.

Messages from a Numismatic Publisher: VI

WHO'S MAKING THOSE BIG PROFITS?

A friend of mine once went to a New York diamond merchant and asked, "How much is a one carat, blue-white diamond?" And the merchant replies, "Are you buying or selling?"

He explained that the difference was around 40%. This seemed outrageous to my friend, until the dealer told him about overhead, risk, interest on investment, etc. The fact was the diamond dealer would be lucky to average 5% net profit.

And that's the way it is with most coin dealers.

There is a long, tedious job of educating to do. We in Iola are anxious to do our part.

BUTTER FINGERS!

So, he dropped a coin. So what? It's entirely possible, **and even probable**, that the rim bruises caused by that insignificant drop will greatly depreciate the value of the coin. The solution? Protect and beautify your coins with a holder from Capital Plastics. There are over 500 different Capital holders to choose from, and our catalog No. 65 is yours for the asking. We at H & M Coins are happy to become part of the advertising members of the Numismatist and we will do everything we possibly can to live up to the high standards set by this fine publication.

Our policy will be as most other dealers; we allow seven day refund on any coins and no questions asked. Coins will only be sent on approval to people who have established themselves with us. All orders that cashiers checks or bank drafts are enclosed will be shipped immediately. Personal checks will have to be cleared before coins are sent (until we get to know you).

Most of our offers will be in high grade properly priced coins and in many cases we will have only one of each so please do not be disappointed if we have to return your check. Thank you, Harold and Peggy April.
